### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance:

The prior art of record do not anticipate nor do they reasonably suggest the linear positioning system as claimed in claims 4, 7, 8, and 19. The closest prior art, Hadaway et al (US 5,524,514), discloses a numerically controlled table saw fence comprising many of the claimed including, inter alia, a rail assembly (e.g. 8); a carriage (e.g. 12); and a partially folded coupler sheet (e.g. 11). Figs. 1-4. However, Hadaway et al lacks an opening through which a handle extends for manipulating an interlock (claim 4); an interlock device (claim 7); T-shaped grooves (claim 8); and an interlock actuator mounting plate as in claim 19. Due to Hadaway et al's design in which the carriage is numerically controlled vis-à-vis the motor, an interlock is unnecessary. This applies to claims 4, 7, and 19. With respect to claim 8, Hadaway et al has grooves, but they are not T-shaped and they are not for receiving bolt members. In Hadaway et al, the members (10) are wheels. Moreover, none of the other prior art of record fairly teach or suggest these lacking features. Thus it is believed that the claimed inventions are allowable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Charles Goodman whose telephone number is (571) 272-4508. The examiner can normally be reached on Monday-Thursday between 7:30 AM
